REJECTIONS UNDER 35 U.S.C. § 103

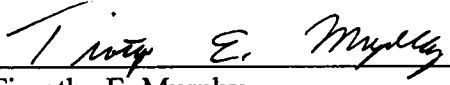

Claims 1-48 and 51-55 stand rejected under 35 U.S.C. § 103(a) over U.S. Application Publication No. 2002/0174150 to Dang et al. ("Dang") in view of non-patent document "CSS Mobile Profile 1.0" by Wugofski et al ("Wugofski"). The applicant traverses the rejections.

Dang was filed in the U.S. Patent & Trademark Office on May 18, 2001. Wugofski has a publication date of October 24, 2001. Accompanying the previous response in this application was the Declaration of James Mark Norman, a co-inventor of this patent application. The Declaration establishes that the claimed invention was conceived prior to the May 18, 2001 filing date of Dang and the October 24, 2001 publication date of Wugofski, as evidenced by the document named Portal I18N Architecture.doc, attached to the Declaration of James Mark Norman as Exhibit A, and, with reasonable diligence from prior to May 18, 2001, was reduced to practice in July 2001 and released commercially as Novell Portal Services 1.0, Service Pact 1 on July 24, 2001, described in the news brief attached to the Declaration of James Mark Norman as Exhibit D. Accordingly, both Dang and the Wugofski publication should be removed as references pursuant to 37 C.F.R. § 1.131. With the removal of these references, all pending claims in the application should be in condition for allowance and allowance is respectfully requested.

For the foregoing reasons, reconsideration and allowance of claims 1-48 and 51-55 of the application as amended is requested. The Examiner is encouraged to telephone the undersigned at (503) 222-3613 if it appears that an interview would be helpful in advancing the case.

Respectfully submitted,
